

Welcome to the SoundCheck Training events 2025 at Tivoli Hotel & Congress, Copenhagen.

24-25 February - **SoundCheck Core training** "From AudioTesting starter to Pro"
26 February - **Advanced SoundCheck training** "From AudioTesting Pro to Master"

Testing of speakers, headphones, microphones and other audio devices will be addressed in this course, which starts from the cornerstones of building an audio test system based on SoundCheck, and ends on day 2, with more advanced content and sequences and e.g. Headphone testing, external interfacing, Bluetooth etc., so the participants will end up being able to build complete test setup and run test sequences of most types of audio products incl. eg. hearables / wearables.

The Advanced course will lift skilled Audio Engineers to the next level of Audio Testing, with advanced sequences with loops and subsequences, Bluetooth testing, external control over TCP/IP with e.g. Python and simulated free-field measurements and more.

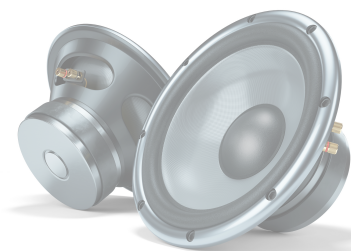

Program - from 8.00am to 5.00pm (all days)

Breakfast and registration from 08.00am to 8.30

SoundCheck Core Training Day 1 will include:

Training and hands-on exercises

- Overview, setup, hardware, calibration and virtual instruments
- Sequence and step philosophy
- Stimulus & Acquisition + hands-on exercises

SoundCheck Core Training Day 2 will include:

Training and hands-on exercises

- Analysis and displays
- Basic Sequence writing + Data Management hands-on exercises,
- Limits, Autosave & Recall, Printing, Messages
- Post Processing, Statistics

SoundCheck Advanced Training - Day 3 - will include:

- Advanced Stimulus, Analysis and Post Processing
- Advanced sequence writing with Loops & Logic and subsequences
- Simulated Free Field & Directional Measurements
- Distortion, Open Loop and Bluetooth testing
- External Control with TCP/IP, Python, Custom Virtual Instruments

Included in the Training Seminars:

Professional trainers, training material, light breakfast, lunch, afternoon snacks, coffee and water.

Price, SoundCheck Core Training, 2 days :

Standard - 7.750,- DKK
Support Contract holders - 5.195,- DKK

SoundCheck Advanced Training, 1 day :

Standard - 5.095,- DKK
Support Contract holders - 3.380,- DKK

Discount is offered for participation in both events, and for more than 5 participants from same company.

There is a limited number of seats available.

Location:

Tivoli Hotel & Conference
Arni Magnussons Gade 2 - 4
1577 København V
